Cesar Castillo
Front End Developer

Versatile Front-End Developer with 2+ years of experience designing, developing, and managing complex sites and internal frameworks. Passion for responsive website design and mobile-first approach.

Professional Experience

Junior Front End Web Developer — Lift Creative Agency, San Francisco, CA 04/2019 – Present

- Reproduced entire websites & landing pages with pixel-perfect implementation from design mockups using modern front-end frameworks like React.js & Next.js using Node, Webpack, Bootstrap & Flexbox
- Developed responsive Emails using semantic HTML & CSS specificity. Tested Emails on Litmus/Email on Acid to assure they display on all major email clients
- Collaborated with Designers, Copy and Account with layout applications like Photoshop, InDesign, & Sketch to bridge the gap between design and technical implementation
- Assessed and provided accurate developmental timelines to meet deadlines on multiple projects simultaneously
- Used Git for version control & Heroku/AWS for staging and production environments
- Development tools: AEM, AWS, BrowserStack, Salesforce Content Builder, & Flashtalking Ads
- Skills: React, Next, Node, Webpack, Javascript, jQuery, Bootstrap, and CSS3/SCSS

Intern/Contract Developer — Giant Creative Agency, San Francisco, CA 05/2018 - 10/2018

- Initiated creating email fragments to progressively taking on entire email projects developing templates with multiple component fragments
- Created HTML emails using React.js that display correctly across all major desktop and mobile email clients
- Developed and delivered multiple tasks & projects simultaneously while meeting deadlines for different clients
- Worked with other lead developers to develop digital experiences that are deployed on web, mobile, and custom apps for medical technology clients
- Developed with React.js, HTML5, Bootstrap, CSS, SASS, Git Workflow, and Unix commands. Working knowledge: Photoshop, InDesign, Veeva System, Salesforce, and JIRA.

Web Developer — Marin Economic Forum, San Rafael, CA 09/2017 – Present

- Using previous Web experience to improve MEF's outreach to Marin County
- Website developing using: Wordpress, HTML, CSS and SEO
- Work closely with CEO and Communications team to develop and execute a social content calendar, managing all phases marketing strategy from concept through delivery and development all while producing Wordpress articles weekly
- Simultaneously managing Wordpress, Blog, News posts along with Facebook, Twitter, LinkedIn, MEF Website, and Mailchimp
